Tuesday night found juvenile society all in a whirl and a flutter over an evening party given by Miss Ione Pennington at the residence of her parents. Besides her parents the little lady asked as her assistants to do the honors, her grandparents, Mr. and Mrs. Short of San Francisco, Mrs. Cranz and Mrs. Macmillan. The evening was enjoyed as only children can enjoy themselves. There was no time lost in meaningless formality, but three or four hours fairly flew in merry games, chatter, tableaux and in the enjoyment of delicious refreshments, which were served from various picturesque booths arranged in different rooms so as to attract the juvenile fancy, likewise to tickle the palate, both plans succeeding admirably.

Each guest had brought, by the request of the hostess, a strip of silk six by three inches. This he divided in half and traded one piece to his neighbor, and then, as thread and needles were distributed, the joining of these strips began. The little girls found no material obstacle, but the boys, alas! One masculine hopeful, after struggling until the beads of labor on his brow would have put a son of toil to shame, accepted the proffered assistance of his feminine friends. When the work was completed he naively remarked that it was "hem-stitched." Presently the sewing was all done, and each guest then wrote his name on his strip of silk, which will all be shaped into a pillow by the hostess as a momento of the occasion.

Thus the time flew all too quickly, and regretfully each member of the party bade his hostess and her friends a lingering good night. Those present were: Misses Safa Paine, Alma Merwin, Alice Chalfant, Alice Sweasey, Edna Reeves, Willie Dillingham, Grace Waltrip, Gertie Jourden, Martha Brunner, Bessie McGarvey, Mabel Holman, Amelia Anker, Ione Pennington, Messrs Oscar Hargis, Bernard Saunders, Charlie Johnson, Clyde Henry, Roy Young, Harry and Newton Rogers, Harry Wyckoff, Ralph Case, Luey Anker, Frank Barker, Willie Brunner, Henry Keller. A BREEZE FROM USAL.

Items Gathered Along Mendocino's Northern Coast.

USAL, December 30, 1896.—After the storm there is always a calm, and now that the mill has shut down, and worse yet, school has closed for the term, we are at loss to know what to do, hence the following, which we may have the pleasure of re-reading, if you do not choose to consign the same to the waste-basket.

As the snipe have emigrated to parts unknown our glee club sportsmen have amused themselves of late hunting coons, and judging by their game bags they seem to be quite successful. We don't know how they are on chickens but have decided to lock ours up. So much for wild game.

Then we have another game—sort of a tame yet very exciting affair for the participants. It is called, "Trapping the Bird;" where Saintie Clare has a very hot second in the Rabbi Zerbi. This a very interesting game, and like all other games of chance, it is hard to predict who will win.

It is current rumor here that the man with the brown whiskers still has a chance. We hope for the best.

Court Usal, No. 823, A. O. F., are announcing a ball and supper to be given in their hall on New Years night. This means a great jollification, and as the ladies' circle says: "The gentlemen will have another big eat." Still we are in it.

Girls seem to be at a premium here just at present. We overheard a remark yesterday which was about as follows: "I'll bet $5 I will take her to church tonight." "Yes, and I'll bet $10 more I will take her home." Finale—Two girls go home one on each arm of the other fellow.

Joe DeBuhr says he would like to know where that hay was going with the man the other night. What were you doing, Joe?

Our bookkeeper has gone to the city, he says on business. He went by his lonely. We are awaiting his return as it may be an occasion for our saw and tin band to make themselves conspicuous. Anyway we hope so, Ed.

As the bird has flown, our genial storekeeper has laid away the shotgun and purchased a new rifle and he says now look out for bear. He already saw bear tracks while out hunting for game and turned himself right about face and marched for home. We wonder where he would be if Mr. Bruno had put in an appearance about that time?

Fishing here being at a discount, or rather below par, a couple of our nimrods hitched up a double team and after loading up with the regulation implements—crowbar, pick, shovel, etc—hied themselves away to Hardy creek in search of the bivalvular hardshell abalones. They returned late at night, and we only have their word for it, but they claim they got 'steen. We accept this for what it is worth.

The steamer Newsboy arrived here Saturday but has been unable to load owing to the storm. Too much sea.

After a term of three months' teaching in our school district the teacher, Miss Luella Williams, decided to spend the holiday at her home in Ukiah. We very much regret her departure as she was loved by all her scholars. We hope to see her pleasant face again when school opens in the spring. We have not only the parents assurance but also the trustees approval of her record as a competent and first-class teacher, and they extend to her the acceptance of the position again next term and hope she will approve the same. Too much praise cannot be given to her and her pupils for the efficient manner in which they rendered their exercises at the close of term, and all those present said they could not have enjoyed themselves any better at a theatre, as each and every pupil gave evidence of having been well trained and disciplined.

The weather is immense. Jack Frost pays us a visit during the night, but Old Sol is the champion, as he invariably knocks Mr. Frost out. And we feel satisfied that he shall continue to do so until after the holidays at least. So with three cheers for McKinley and Jim Mannon we will say goodbye.

The Advance Agents of Fair Prices

THE GREAT EASTERN BARGAIN HOUSE

THE RUN CONTINUES

It is wonderful how quickly the people catch on to a good thing. The GREAT EASTERN BARGAIN HOUSE has revolutionized the Dry Goods busines in Ukiah, but the revolution was a peaceful one. We gave the people what we advertised, and when they discovered that they could BUY GOODS FROM US AT EASTERN PRICES they became our patrons. The days of '49 are over, and we are down to the figures of '96. OUR SALES ARE QUICK AND OUR PROFITS SMALL and if our goods are not exactly what we tell you they are we will cheerfully refund your money. We were THE ADVANCE AGENTS OF FAIR PRICES and our sales show that we have restored confidence to local customers. They now know what goods are really worth and can no longer be fooled by avaricious dealers.

It is a great thing to have the confidence of those with whom you deal. The only way you can secure it is by doing the square thing.

NOW THIS IS WHAT WE DO

In our dry goods department we are selling all-wool dress goods at 25 cents a yard that other houses would charge you 50 cents for.

In our clothing department we are selling all-wool suits for $5 that cannot be duplicated in other stores for less than $10.

A YOUNG GIRL'S FORTUNE.

AN INTERESTING SKETCH.

Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now 15 years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her music lessons. In fact, we feared St. Vitus dance, and are positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she received no benefit from them. The first of last August she weighed but 75 pounds, and although she has taken only three bottles of Nervine she now weighs 106 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with comfort and ease. She has recovered complete use of her arm, her appetite is splendid, and no money could procure for our daughter the health Dr. Miles' Nervine has brought her.

When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent us a bottle, we began giving it to Blanche, and the effect was almost immediate."—Mrs. R. R. Bullock, Brighton, N. Y.

Dr. Miles' Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid. It is positively free from opiates or dangerous drugs.
